| 5                            | <input type="checkbox"/> | [Subscription Plan and Activation Date]<br>You may freely choose your subscription plan and specify your desired activation date.<br>If you apply in writing, the service will be activated no earlier than four business days after your application documents are received by our processing department (not the date of submission at the store).<br>Please check your activation date on Nasic My Page or in the "Service Activation Documents (Contract Details Notice)" that will be provided to you later.  |                  |         |                              |        |                      |        |
| 6                            | <input type="checkbox"/> | [Usage Restrictions]<br>If we find that certain users are consuming an excessive amount of bandwidth, such as through peer-to-peer (P2P) file-sharing or similar types of communication, and this is causing or could cause slower web browsing or delays in email for other customers, we may temporarily suspend service or limit data usage for those users. This measure is taken in accordance with the Telecommunications Business Act to maintain fair and stable Internet access for everyone.   |                  |         |                              |        |                      |        |
| 7                            | <input type="checkbox"/> | [In Case of Service Interruptions]<br>In the event that the Nasic Net service is unavailable, refunds will be issued in accordance with the Terms of Service. Please note that Nasic is not responsible for any expenses related to equipment or network connections prepared by the user.   |                  |         |                              |        |                      |        |
| 8                            | <input type="checkbox"/> | [Using the Service via Wireless (Wi-Fi)]<br>To use internet via wireless connection (Wi-Fi), users are required to prepare their own Wi-Fi router.<br>Please note that routers imported from overseas without the Japanese Technical Conformity Mark ("Giteki" mark) are not permitted for use under Japanese regulations.   |                  |         |                              |        |                      |        |
| 9                            | <input type="checkbox"/> | [Device Setup]<br>The setup of devices, such as Wi-Fi router, PC, tablet, or smartphone, must be performed by the users.<br>Our service counters and help desk do not provide assistance for device configuration.<br>If you would like assistance with setup, please use the paid on-site support service.  |                  |         |                              |        |                      |        |
| 10                           | <input type="checkbox"/> | [Rental Modem Information]<br>For apartments using the VDSL system, a rental modem will be provided when you receive your room key.<br>(If you are already living in the apartment, the modem will be delivered to you by courier.)<br>When you cancel your Nasic Net service, please return the rental modem to us.<br>We recommend keeping the original box and packaging materials until the modem is returned.<br>If the modem is not returned, a fee of 9,900 yen (tax included) will be charged.   |                  |         |                              |        |                      |        |
| 11                           | <input type="checkbox"/> | [Application Cancellation and Termination of Service]<br>Cancellations of applications can be made up to three business days before the activation date, excluding weekends and public holidays. From two business days before the activation date onward, preparations for activation will already be underway, so cancellations will be handled under the provisions described in section 12, "Initial Contract Cancellation Policy."<br>For cancellations after service activation, you may terminate (cancel mid-term) your contract effective on the last day of any month. In this case, the subscriber must complete the cancellation procedure via My Page or by submitting a cancellation form at least three business days prior to the desired cancellation date (excluding weekends and public holidays).<br>If your room rental agreement is terminated, your Nasic Net contract will automatically end on the last day of that same month, and no separate cancellation procedure for Nasic Net will be required.      |                  |         |                              |        |                      |        |
| 12                           | <input type="checkbox"/> | [About the Initial Contract Cancellation Policy]<br>For cancellations made within eight days from the activation date, the contract may be terminated under the Initial Contract Cancellation Policy.<br>In this case, the usage fee will be calculated on a pro-rata (daily) basis. The subscription fee will be refunded, but a construction fee of 2,200 yen and an administrative fee of 3,300 yen (both tax included) will be charged.<br>If you wish to request an initial contract cancellation, please submit your application to us either in writing or via My Page. After receiving your request, we will settle the fees in accordance with applicable laws and regulations.   |                  |         |                              |        |                      |        |
| 13                           | <input type="checkbox"/> | [Notification of Contract Details]<br>After you apply, we will provide you with the "Service Activation Documents (Contract Details Notice)", either in person at the store or by mail at a later date. Please review the document carefully to confirm your contract details.<br>Please note that the information in the document reflects the contract details as of the document's creation date. Any changes made after that date can be checked on your Nasic My Page.  |                  |         |                              |        |                      |        |
